

Sub C Divers Child Protection

Sub C Divers welcomes children and young adults and support their participation in the exciting world of scuba diving.

In caring for the divers of tomorrow, we have adopted the BSAC Safeguarding Policy adhering to our governing body's guidance on all aspects of keeping our junior members safe, including Buddy Guard, while taking part in club activities.

Sub C Divers have an appointed Club Welfare Officer to ensure that the welfare of children, young adults and vulnerable adults is a priority recognised and addressed in club activities. The Welfare Officer is responsible for ensuring that all concerns raised are dealt with in accordance with BSAC guidelines and ensures that all policies and procedures are kept up to date.

Safeguarding training has been undertaken by relevant club members who have also undergone enhanced DBS (Disclosure and Barring) Checks which are renewed as appropriate.

All club members have access to BSAC policies and guidance available on the BSAC website, <https://www.bsac.com/this-is-bsac/bsac-rules-and-policies/safeguardingpolicy/>
